SAVINGS

S. I. S. pays daily interest on all accounts.

All S. I. S. Accounts earn daily interest (from day of deposit to day of withdrawal), the only requirement being that a $10.00 balance be maintained until the next dividend date.

Special Notice Accounts, designed for long-range savings, earn up to ½% more than regular savings accounts. Ninety days notice in writing is required for any withdrawal.

Term Deposit Certificates . . . One year Certificates currently 6.50%. 2½ years currently 6.75%, $1,000.00 minimum requirement.

Saving$Plus - The N.O.W. Accounts are no-passbook savings accounts which permit the SIS customer to write negotiable withdrawal orders (drafts) payable to individuals, businesses or to be cashed over the counter. These accounts earn 5.25% annually, compounded daily and paid monthly.

On-The-Job Savings Accounts offer employees of any cooperating firm a voluntary, systematic savings plan by payroll deduction.

School Savings Accounts for which this bank has provided facilities since 1896 are a vital part of the thrift education program in most Springfield schools.

Christmas and Vacation Clubs provide a systematic way to save with a handy coupon book to remind you. No charge for opening clubs, and completed clubs earn interest.

Lack of advertising... beneficial to some!

When Mark Twain was a young man, he was editor and publisher of a growing newspaper in a small Missouri town. One day he received a letter from one of his subscribers. The subscriber said that he had found a spider in that morning's edition of his paper. He wanted to know if this was an omen of good luck, or of bad luck. Mark Twain, a hustling space salesman as well as an editor, wrote to his customer:

Dear Sir:

Finding the spider in your newspaper yesterday morning was neither good luck or bad luck for you. The spider was merely looking over our paper to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward.

SPRINGFIELD STREET DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear".

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol * following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

S Res Denotes Summer Residence

Zip Codes are included in the description of each street and changes in Zip Code for streets with more than one code are indicated at the address where the change occurs.
